MEDICARE SUPPLEMENT CARRIERS IN MICHIGAN

Enclosed is the printout listing the Medicare supplement carriers in the state of Michigan. To assist you in your review of this information, below is an explanation of the columns:

MSP Code: This identifies the supplement plan letter, A through J.

MSP Group: This indicates if it is a group or individual policy.

Category Availability: This indicates if there is anything different about a particular policy. (Some are marketed through direct marketing, some are marketed to the under age 65 Medicare eligible market.) Most policies are identified as general policies.

Policy ID: This is the policy identification number or policy form number.

Policy Approved: This is when the policy was originally approved. Medicare supplements became standardized in 1992. We did not maintain a record of policies before 1992; therefore, there would not be a date earlier than 1992 in this column.

Pricing Structure: This indicates if the policy is rated based on issue age, attained age, or community rated. These rating differences are explained in the Medicare Guide.

Premium: This lists the premium for an insured who is age 65 and when this premium was approved for use in Michigan. This column is also a good indicator if the company is actively marketing its product. If the approval date is recent it is likely the company is actively marketing.

Withdrawn: This is the date the company discontinued selling a Medicare supplement plan.

****Blue Cross/Blue Shield** is another company that sells Medicare supplement in Michigan but it does not appear on the list. The phone number for Blue Cross/Blue Shield is (800)848-5101 or (313)225-8000.
